

Parkland Softball League

Rule of Conduct Policy

Revised January 2016

The Parkland Softball League Constitution and By-Laws include a Rule of Conduct Policy that has zero tolerance for inappropriate and unacceptable conduct, including the use of foul language, threatening verbal or physical behavior, vocally attempting to purposely distract a player or other unsportsmanlike conduct that results in actions that are detrimental to individual and public welfare and which are not consistent with the purpose of the league.

This Parkland League Rule of Conduct applies to players and all adults associated with the players (managers, coaches, parents, guardians, player family and friends, and all spectators).

Failure to comply with the Rule of Conduct will result in penalties, including ejection from the game and/or suspension from attending future games.

Parkland Softball League will not collect birth certificates. Parents or legal guardians will verify player's date of birth when signing this Rule of Conduct. Any team challenging player's date of birth must do so to League Commissioner within 48 hours of game played. Parent or legal guardian will be given 72 hours to then produce birth certificate showing date of birth. If player was ineligible for that team, team will forfeit all games played by ineligible player.

I understand Parkland Softball League Rule of Conduct and penalties.

I am committed to actively support the Rule of Conduct Policy.

I will ensure that all adults associated with my child will support the Rule of Conduct Policy.

I verify my child's date of birth is correct.
